

# What to Expect at LA HACKS

LA HACKS 2023

# What is a Hackathon?

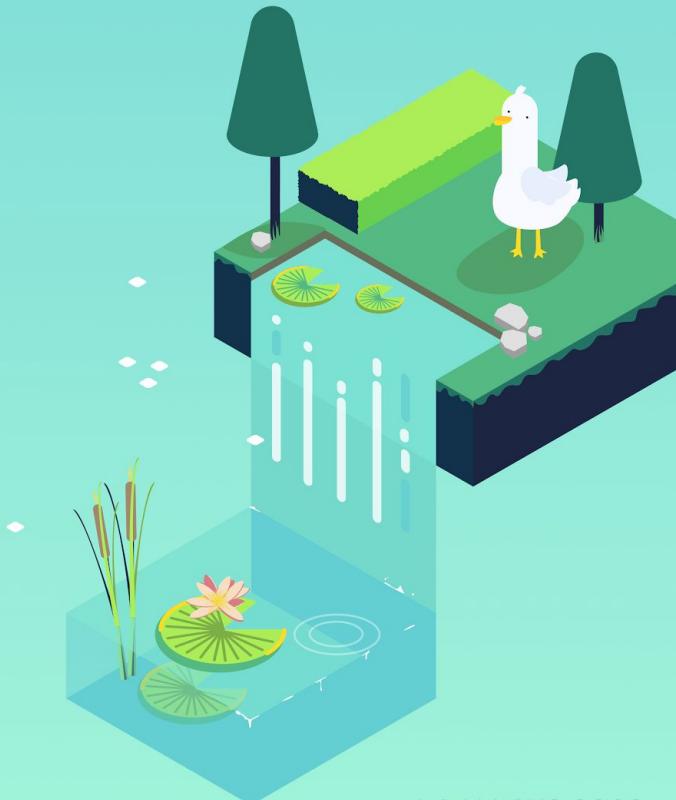

LA HACKS 2023

**“A hackathon is a weekend-long coding event where participants gather together to attend workshops, learn from each other, compete for prizes, and most importantly, build meaningful projects.”**

- Master Oogway

# FUN

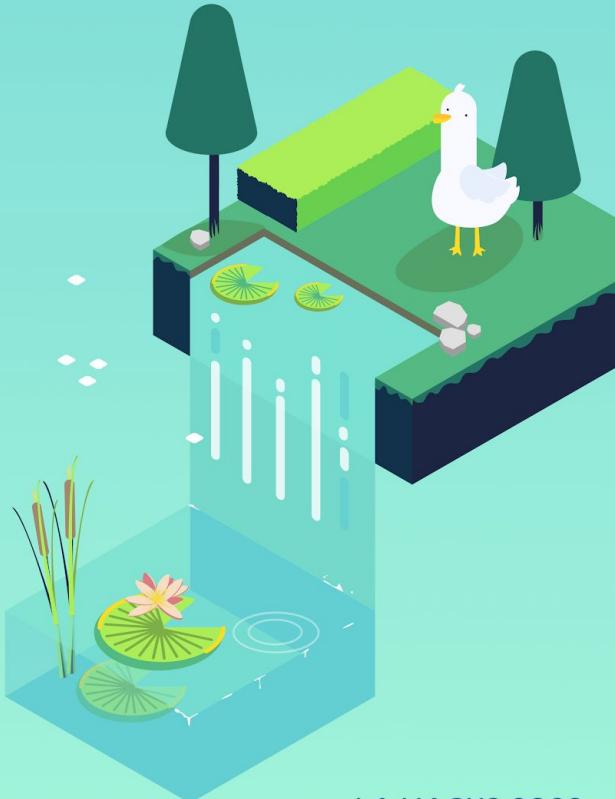

So many fun things planned! So many that I can't reveal them now but instead I have to reveal them throughout this entire presentation!

...

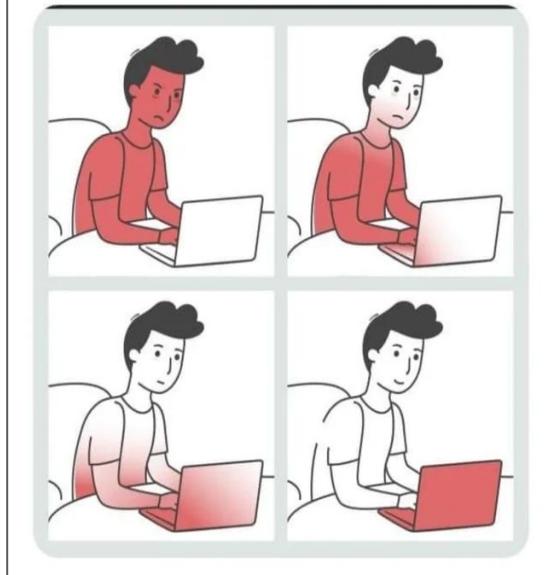

Confession #2412

Three year ago I quit League. Ever since then, my grades have improved, I got a girlfriend, made so many new friends, got accepted into Harvard, got a degree in law, got a well-paying job, got married, bought a car, bought a house, adopted a dog, and my credit score is 800. Honestly, you all should just quit league.

>You and 127 others

88 Comments

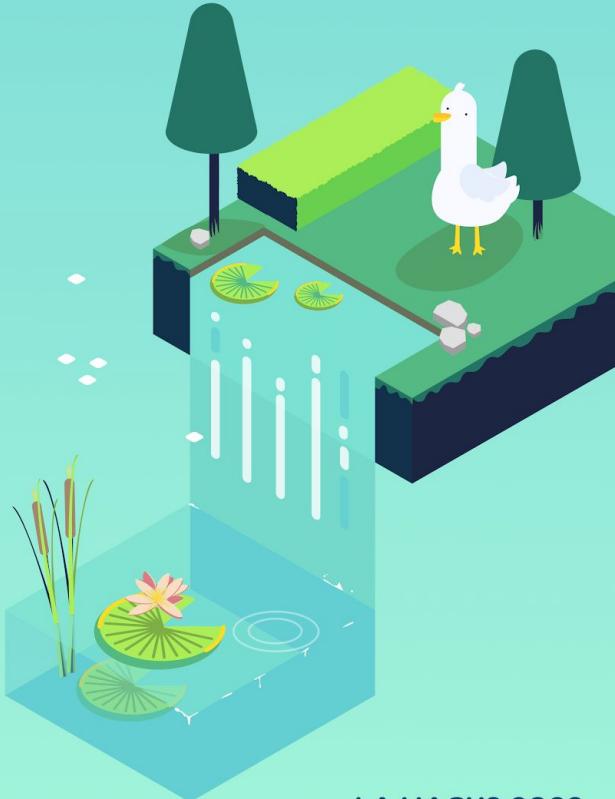

Slowly transferring my toxicity into league all chat

LA HACKS 2023
